Team Messiah Contributes to New Hope Effort

What a blessing it was this year to have the personal selling team of TEAM MESSIAH partner with us during the school year. They helped make this year's **Walk For Hope and Hoops For Hope** the tremendous success they were. THANKS

Several times they far exceeded our expectations as one of our staff relates, "I was very pleased with the enthusiasm and results achieved by the personal selling team. The team's t-shirt sponsorship collection of over \$1,000 exceeded my expectations (I anticipated \$500-\$800)."

Just a couple of kudos to Chanelle Leiss and Kaitlyn Campbell, Lynn Sandowich, Marta and Brad, and especially to Dr. Hagenbuch for helping to make this all possible.

Many Messiah students and faculty have been faithful partners of New Hope over the years volunteering during clean-up projects, special events, work days and the list goes on.

"Team Messiah students volunteer at the Dover Center."
